

Swale Domestic Abuse Policy 2022

1. Introduction

Swale Borough Council is committed to ensuring the safety of its community. The Council believes that all forms of domestic abuse are unacceptable and this Policy sets-out not only the Council's responsibilities under the Domestic Abuse Act 2021, but what further action the Council will take to support domestic abuse victims and their families in partnership with other agencies.

2. Purpose

2.1 The purpose of this policy and its associated procedures are to increase the safety of those residents within the Borough of Swale that are affected by Domestic Abuse.

2.2 This policy demonstrates how Swale Borough Council (SBC) will meet its legal obligations and assure members of the public, employees, volunteers, Members and those working on behalf of the Council as to what they can expect SBC to do to increase the safety of victim/survivors of domestic abuse; and how we will work in collaboration with external agencies to do so.

3. Definition of Domestic Abuse

3.1 Domestic Abuse is defined as an incident or pattern of incidents of controlling, coercive, threatening, degrading and violence behaviour. It is between those that are 16 and over and are, or have been in an intimate relationship, family members or have a parental relationship in relation to the same child.

3.2 Domestic abuse can include, but is not limited to:

- Coercive control (a pattern of intimidation, degradation, isolation and control)
- Psychological or emotional abuse
- Physical or sexual abuse
- Financial or economical abuse
- Harassment and stalking
- Violent or Threatening Behaviour
- Online or digital abuse

3.3 In the vast majority of cases it is experienced by women and perpetrated by men, but SBC recognises that this is not always the case.

3.4 The Domestic Act 2021 formally recognised children as victims of domestic abuse in their own right, due to the impact witnessing domestic abuse can have on them. SBC had already understood this impact and had been working with partner agencies to determine what local services needed to be in place for children affected by domestic abuse.

4. Swale Context

4.1 Within Swale, for the period September 2021 – end August 2022 there were 5465 incidents of domestic abuse reported to Kent Police. This is a 3% increase on the same period the previous year. Domestic Abuse is one of the highest crime volumes in the borough.

- 4.2 There has continued to be a steady increase in reported domestic abuse incidents over the last ten years. This is the case nationally. This is in part felt to be due to increase confidence in victims to report concerns, but ultimately is reflective of the high prevalence of these issues.
- 4.3 Annually within Swale, the local domestic abuse picture is captured within the Community Safety Strategic Assessment. This reviews all local data and contextual views from partner agencies to better understand the prevalence, a breakdown of issue types and risk concerns. This data is currently used by the Swale Community Safety Partnership to determine local actions for the upcoming year.
- 4.4 Within Kent, an annual Domestic Abuse Needs Assessment is also completed. This reviews Kent wide concerns on this agenda, as well as focusing on how partners have worked together to address already identified concerns.

5. Legal Duties

- 5.1 The Domestic Abuse Act 2021 became law on 30th April 2021. It includes:
- A revised legal definition of domestic abuse which recognises children as victims in their own right
 - Introduction of a Domestic Abuse Commissioner
 - Legal duty on Councils to fund support for survivors in safe accommodation
 - New protections in the family and civil courts for survivors
 - New criminal offences
 - A guarantee that all survivors will be in priority need for housing and will keep a secure tenancy in social housing if they need to escape an abuser
- 5.2 The Care Act 2014 stipulates how local authorities (in this case Kent County Council) and other parts of the system such as relevant partners (which includes SBC as a district council) should protect adults at risk of abuse or neglect. This includes those experiencing or having experienced domestic abuse.
- 5.3 The Children Act 1989 states that the child's welfare is paramount and that every child has a right to protection from abuse, neglect and exploitation. Statutory guidance on making arrangements to safeguard and promote the welfare of children under Section 10, 11 and 13 of the Children Act 2004 specifies what is required of SBC.
- 5.4 The Crime and Disorder Act 1998 Section 17 places a duty upon SBC to consider the impact of its functions and decision in crime and disorder within their local area; and to fully cooperate within the local Community Safety Partnership (CSP). Within the Swale CSP, SBC is an active partner and tackling Domestic Abuse is a key priority for the Partnership and has been for many years. SBC and the CSP also recognise that domestic abuse is a piece of the wider agenda of Violence Against Women and Girls (VAWG) and is committed to working together to tackle this.

12. Prevention

12.1 SBC will consider what preventative action it can take through its partnership working, to seek to prevent domestic abuse occurring in the first place. This may be through engagement with schools and young people, or promotion of key messaging.

13. Responding to Domestic Abuse

13.1 Key Contacts

13.1.1 The Safeguarding Team will be the main contact point for all staff, Members, volunteers and contracted services for advice on domestic abuse cases. They can be contacted on:

12.4 Local Support Services

12.4.1 SBC does not directly deliver domestic abuse specialist support services. As a result, staff within the Safeguarding team are required to have good knowledge of all local support services for victims and families.

12.4.2 Through the Community Safety Partnership mechanism, regular mapping of local services will take place. SBC will also work with partner organisations to identify any gaps in services needed locally.

12.5 Tailored Response

12.5.1 SBC recognises that not all victims/survivors of domestic abuse can access services in the same manner; nor may be willing to at the same point of their journey. Each response given to an identified or potential victim will be tailored to their needs and wishes.
